Chilliwack, BC V2P 1M2

Attention: Ms. Judy Vanderzwan

Dear Ms. Vanderzwan,

Chilliwack Community Services agrees with the intent of the WCB's initiative to protect the health and safety of workers and is encouraged by the active quest by the Clean Air Coalition of B.C. to support smoke-free environments in the workplace.

In addition to employees governed by WCB regulations, many organizations throughout the province, such as ourselves, are dependent on a large volunteer component throughout all areas of operation. It is therefore our recommendation that Clean Air Coalition of B.C. advocate for expansion of WCB regulations to include protection for all staff, paid and volunteer.

Chilliwack Community Services supports action taken toward ensuring a smoke-free environment that will benefit all workers in the province

Sincerely,

Dale Cuthbertson,  
Executive Director
