

Classification unit description

Auto Service or Repair Classification Unit: 764006	Sector: Service Sector
	Sub-sector: Other Services (not elsewhere specified)

Introduction to classification units

We group all firms into classification units based on the products produced, the services provided, and the processes, technology, or materials used. The base premium rate reflects the cost of compensation and prevention in the classification unit.

This classification unit description provides an overview of the classification unit for general guidance only. Firms are classified based on this, our classification policies, Rate and Classification List, and other relevant classification unit descriptions. The items listed below are examples only; they are intended to be illustrative (not exhaustive). Every example may not apply to every firm in the classification unit.

When to contact us

Firms in this classification unit may also occasionally engage in other business activities. However, if they have a significant presence in any of the following industries, it may make sense for them to be assigned to another classification unit.

- 1) autobody shop (see CU 764007);
- 2) service station that both repairs vehicles and sells gas (see CU 741012);
- 3) tire wholesale (see CU 742015);
- 4) vehicle towing (see CU 732006);
- 5) installation, service or repair of commercial refrigeration systems on shipping containers (see CU 764028); or
- 6) service or repair of pleasure boats, motorcycles, snowmobiles, or other leisure craft (see CU 764045).

Please contact us if you have any questions about this or anything else related to this classification unit description.
